### Around the Square

By SANCHE PANZA

A letter from Grants Pass, Oregon, proves that M.C.B.'s Squarehead column gets around. It said:

Dear M.C.B.: If the Avocado tree owner mentioned in your column has not found a remedy for the non-producing tree and will write me, I believe that I could tell him of a very simple, yet effective way of overcoming the difficulty.

While living in Sierra Madre some years ago we, also, had a non-producing Avocado tree on which we experimented with excellent results. Our Avocado tree began bearing immediately and in one subsequent season we took over 1600 Avocados from the one tree.

Very Truly Yours,  
Frank E. Gibson,  
P. O. Box 492.

It sounds like a wonderful testimonial for a shot in the limb. Please, M.C.B., have Munson spare that tree, and pass the secret on to us.

And speaking of trees, a writer asked a newspaper garden editor (not the NEWS' garden editor) what to do to kill a persistent fig tree.

The garden pundit said the best way was to "cut the tree down and then dig out the stump." You could also stamp on it a couple of times.

The NEWS, the police and a dozen neighboring neighbors spent the last week-end looking for the owners of a grey and black woolly sheepdog that was wont to roam. It has been a frequent visitor to the Terrace district.

Unfortunately, its sojourn to the Terrace last Saturday ended in mishap. It was struck by a car. The neighbors took it to a dog hospital after the owners couldn't be located.

The pooch will be confined for three or four weeks with a broken leg.

The owners, Mr. and Mrs. Kenneth B. Thompson of 100 Lowell avenue, extended their thanks to Mrs. Rachel Baker of 263 Cypress Court who led the "help a dog" crusade after it was found by Miss Edna Pease at 306 Churchill Road.

But there were a dozen or more others out looking for the owners and taking up a collection to pay the vet. Scalzo's Pettery was headquarters for the medical fund.

The only clue to the owner was the faint memory held by someone that the owner's phone number was a combination of "8's" and "0's" with possibly a "1." So everybody in the combination got a call: "Is this the party that owns a black and grey sheep dog?" They must have thought it a new kind of Pyramid club.

Mayor Milt Steinberger tells himself:

"I was mayor for a year and I retired. Then at the end of my second year I bought a new Cadillac—well, almost new."

"Say, I wonder what I'll get if I last out another year. Hmmm. Say, maybe I'll get run out of town."

Or maybe someone'll sell you the City Hall.

### BEREANS OF BETHANY

The Berean Class of Bethany are having a dinner this evening, February 10, at the church. Hostesses are Mrs. H. A. Thew, Mrs. Emily G. Crockett and Mrs. E. S. Thornberry.

## Will Pick Queen for Annual Fete Here

Annual contest for the selection of Wistaria Queen and her court for the 1949 Wistaria Vine season opened this week.

Lorne Pratt, Wistaria Fete director, said that entries would be accepted through Monday, February 21.

The fortunate girls selected will reign over the Wistaria Fete which will begin late next month and continue through most of April.

Here are the rules of the Wistaria Queen contest as announced by Pratt for the 57th anniversary of the world-famous Wistaria Vine:

In order to enter the contest a girl must be at least 16 years old. She need not have had previous modelling or professional experience.

Girls living anywhere in the Sierra Madre area are eligible.

All entrants must submit a photograph. A snapshot will do, but a salon print is preferred.

On a postal card or in a letter give your full name, age, address, telephone number, the name and address of your parent or guardian and the school you are attending, if any.

A flurry of activity will accompany the selection of the queen and her ladies-in-waiting. Selection will be made by a board of judges from the motion picture and radio world.

For the winner, there will be a tour of a movie studio and dinner at the Brown Derby. Also in the offing is either a screen or television test. The winner will have a chance at fashion modeling and a radio audition.

The winner will meet the press and representatives of radio and television at the annual Press Party that formally marks the opening of the Wistaria season. She will be crowned by a movie star.

Applications for entry in the contest should be mailed to Lorne Pratt, Wistaria Vine, Sierra Madre.

## Council Will Consider Civic Center Proposal

The City Council this week took under consideration a request that it consider the purchase of property on the northwest corner of Sierra Madre boulevard and Hermosa avenue for a new civic center.

The request came from the Planning Commission which pointed out that delay would see the loss of the only available piece of vacant property for such a project.

Commission President May de Wright told the Council that Nathan Tarr, the owner of the property, had made a firm offer to sell the land for \$50,000. It extends from the boulevard to Montecito avenue.

A corner of that same property was given to the city by Tarr as a site for the new library.

In a letter to the Council, the commission's secretary Webster Vannier, said:

"This is the only remaining vacant property which can be incorporated into the Park and library sites for civic purposes."

"The Commission is greatly concerned over the loss of desirable sites for community uses. We do not have left any adequate vacant property suitable for an enlarged school where competitive athletics may take place nor can we ever take care of the expected growth of the services required for our City Hall."

"The Planning Commission, therefore, most emphatically recommends that the possibilities of purchasing the Tarr property be investigated now when the City Hall might be

### KIWANIS HEARS LINCOLN EXPERT

A full Club Kiwanis meeting Tuesday heard Dr. Bernhardt Wall, noted etcher discuss his part in preserving Lincolniana by his etchings of Lincoln and places where Lincoln spent time and landmarks since destroyed.

The Kiwanis also made a donation to the March of Dimes. Rudy Hartman offered to match the total of collection from the club members and an approximate \$40 was added to the local fund.

### Police Court

In Judge John C. Mead's city police court last Saturday morning Joe Rubino, Los Angeles, posted by proxy \$25 bail for alleged vehicle code violations of failing to observe a boulevard stop, speeding and reckless driving.

Mrs. Ann Lewis, 661 West Orange Grove avenue, forfeited bail of \$25 for vehicle violations of reckless driving, failing to observe a boulevard stop and driving without an operator's license.

### PETTY THIEVES LOOT TWO HOMES

Two cases of petty theft were reported for police investigation this week.

John Diehl, 401 West Sierra Madre boulevard, stated that the following items were taken from his apartment: 1 can milk, 1 pound bacon, 1 can pineapple and 1 quart cooking oil were taken from his ice box; 2 cans of spices were removed from his cupboard, and \$10 was taken from the dresser.

August Bruns, who lives in another apartment at 401 West Sierra Madre boulevard, reported thefts from his home that dated back much farther. A package disappeared from under his Christmas tree. Before Christmas money had been taken from his apartment. Later a camera disappeared.

Police put both cases down for further investigation.

## TWO TRAFFIC ACCIDENTS ON SAME CORNER

One corner in town—the intersection of Sunnyside and Mariposa—was the scene for two auto accidents on successive days last week.

Last Thursday morning, February 3, a collision occurred involving cars driven by Mrs. Victor Veysey, 32, 686 Ramona avenue, and Herman E. Tabor, 75, 373 South Santa Anita, Pasadena.

Tabor stated that he was driving east on Mariposa and no other cars were in sight. He said that his car was suddenly struck on the right side by a car going north on Sunnyside. Tabor's car was turned around by the impact, and the other car, driven by Mrs. Veysey, went over the curb.

Mrs. Veysey stated that the visibility was poor because of the rain and that she had attempted to stop her car but that her foot had slipped on the brake pedal, wet from the rain.

Both cars were badly damaged, but the occupants were not seriously injured.

Last Friday afternoon a collision occurred on the same corner between a truck driven by Richard Harding Witter, 18, 169 North Mountain Trail, and a car driven by Mrs. Mildred Groomer, 465 North Baldwin.

Mrs. Groomer was driving west on Mariposa and was met by the truck going south on Sunnyside. Both vehicles were damaged, but the drivers were uninjured.

## ARMORY BUILDING PLAN SUSPENDED BY GUARD

### GUARD CHANGES HOLD UP FINAL APPROVAL HERE

All proceedings to process the Sierra Madre National Guard Armory site for acceptance by the state and to develop plans for the proposed construction have been suspended.

This was announced this week by the State Adjutant General's office at Sacramento.

The suspension resulted from organizational changes now being effected in the 40th Division, California National Guard, of which the Sierra Madre company is a part.

This does not mean, however, that plans for construction of an Armory here will be dropped.

## MEMBERSHIP DRIVE ON FOR C. OF C.

The early returns on the Chamber of Commerce Participation Membership coupon printed in last week's NEWS were good, reported Membership Drive Chairman Al H. Wetherbee.

Into the Chamber office on the coupons came the membership requests of Lloyd Welch, 50 Montecito Court; John B. Foreman, 127 East Highland; W. C. Willimott, 10 East Miramonte; Godfrey Collins, 634 Woodland Drive; Hazel Farrell, 108 East Grandview and Eddie Robertson, 490 North Sunnyside.

"All the Chamber needs for success, which of course means worthwhile service to the whole community, is a good bunch of Sierra Madreans interested in their town who will come into the Chamber and bring their ideas and the will to work on programs for the good of the whole town," Wetherbee said.

"And I'm sure we'll be successful this year," he added.

## Local Dimes Counted

Sierra Madre Dimes have marched right up over the goal. Mrs. Harold Pangborn who has engineered the campaign, sponsored by the Civic Club, reports that 20,598 dimes have rolled up hill to a new local goal.

The 22 local collectors at the Hollywood Parade turned in \$168.84 plus the Jeep Run-around which divided their loads. The Sierra Madre share being \$190.87.

Collections at Mr. Stein's local Sierra Madre Theatre amounted to \$155.70.

The local fund raised will be more than the \$2059.83 to date as many cans have not been turned in and—YOU MAY STILL GIVE!

In every part of the nation more than 2,200,000 boys and their adult leaders, will observe Boy Scout Week, Feb. 6th to 12th, marking the 39th anniversary of the Boy Scouts of America. The theme of the celebration is "Adventure—that's Scouting!" This year the movement is emphasizing the fun and fellowship its members get out of the game of Scouting. More high adventure is planned in the out-of-doors. Their adventure in citizenship will find Scouts emphasizing civic service activities, emergency service training and world Scouting relationships. During Boy Scout Week, Scouts, their parents and countless communities will honor the volunteer adult leaders of the nation's 70,000 Cub Scout Troops and Senior Units. Above is the official poster marking the Scout birthday.

## Board Approves Fund For Play Leaders In S.M.

A contract with the Sierra Madre School District which will provide county money for increasing supervised play activities here by 57 per cent was approved this week by the Board of Supervisors.

The Board also authorized Supervisor Chairman William A. Smith to sign the contract which will give Sierra Madre's recreation commission additional funds at the rate of \$1162.50 a year.

For the balance of the fiscal year, the commission will get \$581.25 under the contract for the extension of after-school supervised activities. The money will be spent for supervisors' salaries and not for equipment, according to the agreement.

The Board's action was taken on the recommendation of County Manager Wayne R. Allen who approved the joint request of Al Morgan, head of the recreation commission; School Trustee Howell White, Jr., and Councilman William Kinney.

# S. M. Dickens Fellowship Second Oldest in Country

The Sierra Madre branch of the Dickens Fellowship will celebrate its 37th anniversary this month. It is the second oldest group in this country to be affiliated with the original London Fellowship.

The group had its inception on February 12 in 1912 when the centenary of Charles Dickens' birth was being celebrated. A small group of Sierra Madre women were then meeting occasionally for afternoons of sewing and reading and reviewing their favorite books of Dickens.

They decided to form a regular Fellowship, so a charter was drawn up and by-laws written. Miss Thomasella Graham of this city is one of the original charter members. The group was invited to affiliate with the London association the same year, and they have been affiliates ever since.

The object of the Fellowship, aside from having enjoyable meetings and reading from Dickens' books, is to enter into charitable works and do good in a manner that the members feel Charles Dickens himself would approve.

The Fellowship has made yearly donations to the Mater-nity Cottage and Orthopedic Hospital in Los Angeles. They give frequent assistance to the Plaza Home for Children in Sierra Madre and to the Red Cross. Since 1924 they have sent the National Geographic magazine to the Soldiers Home at Sawtelle. Many other good deeds of all kinds have been accomplished.

Membership in the group is limited to 24, and they meet the third Thursday of each month. The Fellowship has no standing officers. They find their arrangement of having only a Secretary-Treasurer a most workable and pleasant one. Mrs. Helen Tarr holds that office and has ever since 1921. The hostess at each meeting is Chairman for the day.

# JUNIOR MUSEUM PLANS ANIMAL ART EXHIBIT

Animals as the artists saw them in ancient and modern times in sculpture, painting and textiles are on display at the Junior Museum, 46 N. Los Robles Avenue in the new exhibit for children which opened Saturday, January 16.

A bear fight group, an Eskimo work loaned by Vincent Price, has a motor with which the bears can be set in motion.

Special features of the exhibit for children are a Noah's ark toward which a procession of animals is marching over simulated waves. Across from these stands a peep show where children can look in to see animals too small to show properly in larger cases.

Ancient whistles, such as the frog whistle from the valley of Mexico, contributed by the Stendahl Art Galleries are particularly planned to interest children. The Han dog, one of a very few similar pieces in the country is said to have been made to represent a household pet in the tomb of its owner to serve him after death.

Sponsored by the Junior League of Pasadena, the Junior Museum is open Saturday for workshop and the exhibit will be on display from Tuesdays through Saturdays from nine to five and on Sundays from 2:30 to 4:00 until February 19.

## MOVE NEXT DOOR

Mr. and Mrs. Edw. G. Meyers have moved to their home at 765 Alta Vista from next door. The Meyers recently added a living room to the house, log cabin style, made of railroad ties. The uniqueness is creating pleasant comment.

## MENTAL STIMULUS

The California Alcoholic Beverage Control Act became law in 1935. Its purpose WAS to promote temperance. Today, 14 years after "Repeal," we are the most intemperate State in the Nation due to the tremendous impetus of liquor advertising by the liquor industries, (wineries, brewers, and distilleries). How much good is a law if not enforced?

## EIGHT-YEAR WAIT FOR FAMILY REUNION

Gertrude and Herbert Toch are well known in Sierra Madre where they attended school and lived with Mr. and Mrs. David Resnik at 219 North Sunnyside. The Resniks owned and operated the Market on W. Sierra Madre Blvd. now owned by Dickson and Sorenson. They moved to Los Angeles.

Mrs. Toch arrived by plane from her native Vienna where eight years ago she had bid tearful goodbyes to her little 8-year-old daughter and 6-year-old son. She and her husband, Bernhard, had agreed to send the children to friends in America to escape the war which had already wrought hardships on the Austrians.

## PLANNED TO FOLLOW

They had planned to follow within a year, but by that time the United States had entered the war and a curtain of silence fell between the parents and their children. Hundreds of letters written from both sides were returned or lost and not one succeeded in getting through, they said.

But last Sunday this was all over and Mrs. Toch was greeted by her youngsters both taller than she in the Resnik home. And there was a great babble of voices with four languages going full blast, English, German, Yiddish and Russian.

## Lions Bowling Team Makes Record

The Sierra Madre Lions Club Bowling Team now occupies sixth place in the 14-team San Gabriel Valley bowling league. Plays are held every Wednesday Evening at the Alhambra Recreation Center.

## RED CROSS CAPTAINS AT LUNCHEON MEET

Prior to beginning their task of carrying the Red Cross fund appeal to Sierra Madre residents, the 10 captains will meet for luncheon with Richard Lees, fund campaign chairman, at Hillcrest Cafe, Wednesday, February 16th.

Mr. Lees will outline current Red Cross services to the city, which are supported by the annual fund drives. Among such services are the Blood Bank program which keeps local hospitals supplied with free blood for use in saving lives endangered by illness or accident; home service to veterans, servicemen and their families; aiding in disaster; service to veterans and servicemen in hospitals and the annual Swim campaign.

He will also outline the mechanics of the 1949 fund appeal and distribute material and information leaflets.

## Let the Civic Club Take a Bow; It Has Done a Noteworthy Job

The Civic Club took Polio by its invisible horns and did a commendable job in its March of Dimes campaign. And the residents of this city are to be thanked for their response to a respected cause.

Members of the Civic Club can pat themselves on the back, not only for this current drive but for other activities that have been followed through to success.

Outstanding is its Toy Loan cottage which not only took a lot of hard work and intelligence to organize and promote but also requires a constant expenditure of effort to maintain.

The Civic Club has been the "Drive" behind many a fund campaign in Sierra Madre. And its long range work among hospital patients is outstanding.

Members of this organization deserve to take a bow because they are "do-ers."

## City Council Should Take A Long Look Now to Its Future Needs

When the City Council was confronted with the Planning Commission's proposal for a new Civic Center site, Mayor Milton Steinberger said: "We've got to think about it."

That is exactly what the Council has to do.

"We haven't got the funds" is no answer. It is not a question of money. It is a question of need. But just how great is the need must be determined.

One cannot say off-hand that the city needs or does not need a civic center or a more adequate city hall—principally because the need itself, if it develops at all, will not be looking over our shoulder for several years.

The point is that if the need is going to develop sometime between now and 1960 it might be well for the city to consider the purchase of land. This is apparent because available land is rapidly disappearing.

Purchase of land does not mean that a new city hall need be built immediately. But when a new city hall is needed, cost to the taxpayers for land will be prohibitive if homes and stores must be condemned and torn down.

It is the Planning Commission's responsibility to plan and make well considered recommendations. It is the City Council's responsibility to weigh these recommendations carefully and study them thoroughly.

They cannot be passed off lightly. The Council knows all too well, or it should know, that short sightedness in this day of expanding populations and increasing business property values is exceedingly expensive. The Council has had experience along this line in the past.

This should not be construed as "pressure" on the city fathers to either accept or reject the Planning Commission's recommendation. But it is suggested that the Council have a long think and take a long look into the future.

In making its study the Council should consider the use now made of City Hall. Admittedly, it is inadequate, but its present inadequacy may lie in the failure to efficiently use what there is of it for today's need.

In any event, the people can be assured that they will have the final say through a bond election.

## FLUSHING KIDNEYS Often Not Enough

Doctors say true kidney trouble is not the most frequent cause of backache, painful passage, getting up nights, strong or cloudy urine. Often, these symptoms may be due to functional trouble elsewhere in the urinary system. Then what may be needed is a medicine that works THREE WAYS. DI-URIFORM is a sedative to calm and soothe the irritated tissues, while acting as an antiseptic in acid urine, to attack certain harmful bacteria. And, DI-URIFORM is also a gentle diuretic to help speed up the urinary flow. DI-URIFORM

## GAS HEATS WATER

# 3 times faster!

...AND AT LESS THAN HALF THE COST, TOO!

Modern dishwashing and laundry machines require hot water galore. So do growing families! But when you have an automatic gas water heater... with a storage tank of proper size—there's hot water on tap all the time. For gas heats water three times faster! And automatic gas water heaters cost less to buy... and less than half as much to operate. So study the chart at right. Then order an automatic gas water heater to meet your home requirements now.

## COUNCIL

—From page one

condemnation after it had been developed.

"You'll remember that you could have got property next to the City Hall for \$1500 a few years ago," she said. "It seems tragic that this should be lost. Mr. Tarr doesn't want cash. Just a small down payment."

City Attorney Guy Cornyn said that the city could not buy anything "on time" without the issuance of bonds—and that takes a bond election for approval from the people.

He suggested that the Council refer it to the committee of the whole "rather than spend \$50,000 so quickly."

"Sure, we've got to think about it," Mayor Milton Steinberger said.

The Council received a letter signed by Gay Bettencourt as chairman of the Toy Loan activity of the Civic Club which read:

"The Civic Club would like to express its appreciation for the lovely bouquet of roses which you sent to our Toy Loan open house."

"We should like to thank Councilman William Kinney for acting for Mayor Steinberger and for so graciously accepting the dedication of the cottage to the City of Sierra Madre. We hope that each of you will visit us some Tuesday or Thursday when we are open for business."

"Our first day drew crowds of children who greatly enjoyed selecting and borrowing toys in the charming little house."

Also read was a letter received from the Veterans of Foreign Wars post signed by Richard F. Eyre, adjutant, and requesting that the Council reconsider its action in severing the Red Cross' welfare worker from the city payroll.

"The Veterans of Foreign Wars unanimously voted to urge the City Council to reinstate their past policy of monthly contributions toward the salary of the welfare worker of our local chapter of the Red Cross."

The Council granted Joseph McClosky, street department worker, a three-month leave of absence.

On the recommendation of the Planning Commission the Council instructed the city engineer to initiate proceedings for improving and widening streets in Cypress Court as deemed necessary "for the betterment of the neighborhood"

Accepted was the resignation, announced last week, of City Engineer Howard Brod who has accepted, as of March 1, the city management of San Carlos.

Mrs. J. S. Miller, representing

the Library Board, asked the Council why tree trimming costs should come out of the library budget when at budget time last year the Board had agreed to a cut providing outside maintenance was done out of general funds. The city will make an estimate of cost for the work requested by the Board.

Councilman Henry Nuetzel announced that at 8 p. m. next Friday, at the City Hall, a meeting of city employees would be held "to start the ball rolling on the local disaster council."

The city employees will be used as a nucleus for the council. City Attorney Cornyn will draw up the ordinance creating the council, and a resolution for acceptance by the City Council to join in the statewide plan will be approved later.

The Council decided to go ahead with an amendment to the subdivision ordinance as proposed by Brod. This change will require that sidewalks be placed at the property line instead of three feet out toward the curb. This amendment will allow adequate room for driveway slope and conforms to standard practice, Brod said.

Cornyn suggested that the amendment be held up until other recommendations were presented.

Mrs. May de Wright said that several people around town had wanted changes in the ordinance but that no suggestions had been made despite the cries of anguish from realtors and others several months ago.

"We've been waiting for three or four months and asked people to form a committee, but they haven't done so," she said. "I guess they're not much interested in a change."

A motion to "entertain bids" for a new police car passed, but there were indications that when bids come up for approval more than one councilman will vigorously object. Korsemeier pointed out that calling for bids was only a way of finding out "how much" and was only "just looking" not necessarily buying.

An ordinance which will boost inspection fees for sidewalks and curbs from 75 cents to \$1 to cover costs was approved. Cornyn said that an old ordinance had been found which had originally established the fee at 60 cents.

A final reading was held on the weight limit ordinance for Orange Grove and Sunnyside avenues. The limit for commercial vehicles is now 4000 pounds. As an emergency ordinance, to protect the surface of the streets, it becomes effective today with publication.

An ordinance establishing

flexible rates for collection of rubbish in the business district also had its second reading. But, on motion of Korsemeier, it was amended so that it specifies that all rates set by the city engineer in negotiations with businessmen shall be subject to councilmanic approval.

A representative of Ben Kazarian who holds the contract with the city for rubbish pickup complained to the Council that another firm had been contracting privately with individual businessmen for rubbish pickups at commercial establishments.

The city attorney told him that the contract with the city does not give anyone exclusive pickup rights.

"The sites are submitted to this office by all lower echelons of command concerned and if recommended for acceptance by such commands, this office forwards the site to the Department of Finance for acceptance on behalf of the State."

"There are no priorities of acceptance and the armory sites are processed as rapidly as they are received in this office."

## Big Trip for Little Boy

The other side of the valley looked pretty good to little Frankie De Lasandro, age 6, who hiked all the way up to Sierra Madre from San Gabriel last week "to see the mountains closer."

It was a nice sunny morning, too nice for going to school. So he lit out for the hills. Somewhere along the line he'd met a little dog with itchy feet and a spirit akin to his, so they travelled together along Rosemead boulevard.

Officer J. C. Heasley picked the suspicious characters up at about dinner time when he saw them loitering on Sierra Madre boulevard. The boy looked hungry and so did the dog.

Taken to police headquarters, Frankie admitted he didn't live here. He knew a street address but he didn't know what town the street belonged to. A City Hall collection was taken up to buy supper for boy and dog.

"I tried to hitchhike," he said. "But no one would pick me up. I don't know why."

His worried mother, Mrs. Christine Stahl, 1014 South Gladys, San Gabriel, was finally located. She was overjoyed to come to Sierra Madre to claim her son. But she was a bit unhappy when she found that a dog was included, a dog she'd never seen before.

## School Board Names Teachers

The names of four additional substitute teachers were placed on the list for the elementary school at this week's regular meeting of the School Board of Trustees.

The four are Philip Mitchell and Gerald Williams, who hold general secondary credentials; Mrs. Irene Hinds, who holds general elementary credentials, and Miss Consuelo Mendenhall, who was placed on the list pending the granting of her credentials from the State Department of Education.

The Board also changed the afternoon kindergarten schedule. The afternoon classes will now meet from 12:45 until 3:15. Under the old schedule, the session began at 12:30. This change was necessary to allow the teachers to have adequate lunch time and to conform with the schedule of the school bus.

The Board was also presented with official figures from the County showing that the cost per pupil in the Sierra Madre system is \$1.61, and the county average is \$1.76.

For the discussion period following each Board meeting the faculty members present were Mrs. Dorothy Baird, Mrs. Ruth Gardner and Miss Betty Newton.

The Board meeting was held on Monday instead of the regular Tuesday meeting date to avoid conflict with the Community Concerts scheduled for Tuesday night.

## Sierra Madre Bride Wed Saturday in Monrovia Church

Two hundred guests witnessed the marriage of Kathryn Mary Dowding, daughter of Mr. and Mrs. Herbert S. Dowding, 514 Ramona Ave., Sierra Madre, to James Douglas Hetherington, son of Mr. and Mrs. Ralph S. Hetherington, 3195 Florencia Dr., Altadena.

The double ring ceremony was solemnized by Rev. Lawrence E. Fisher in the First Presbyterian Church, Monrovia, February 5th, at 8 o'clock. The church was adorned with candles and two large baskets of white stocks and gladioli. Heather and Ivy with white satin bows decorated the pews.

Given in marriage by her father the bride wore white slipper satin gown designed with an open draped neck line, princess bodice, and folded fish tail back. The gown was finished with a sweeping chapel train. The finger tip English veil was held with a seed pearl tiara. Her flowers were miniature white gardenias and hyacinths with satin streamers.

Lillias Dowding was her sister's maid-of-honor, and was gowned in colonial style rose taffeta with matching gauntlets. She carried roses. Her hair dress was a shirred moulaine tiara.

The four bridesmaids, the Misses Doris and Louise Hetherington, sisters of the groom, Mrs. Jack Rhodes of Sierra Madre and Miss Joyce Godley of San Gabriel, were gowned alike in aqua taffeta and all carried rose chrysanthemums. Mr. Clare Parrott of Pasadena was the best man and the ushers were Alan Horn, Robert Wason, Jr., Charles H. Richards, Jr., and George Slocum.

Preceding the ceremony Mr. Robert Pare played the organ, and Miss Louie Mae Stanham of Altadena sang "Calm as the Night" and "The Lord's Prayer."

A reception followed the ceremony in the church parlors. Mrs. Dowding wore a colonial blue crepe gown with a pink rose corsage and Mrs. Hetherington, mother of the bridegroom, was gowned in aqua silk crepe, gold accessories, and an orchid.

### BOY SCOUT SUNDAY

Troops One and Three started National Boy Scout Week off with Sunday activities at the Services in the Congregational Church, by whom they are sponsored. The Congregation observed the camp display in the Narthex of the Church, which was moved to the window of the Sierra Madre Hardware later in the day where it remains for the week.

The two troops, along with several Cubs and Sea Scouts, followed the Church Choir in the procession, and were presented to the Church and Congregation, being welcomed by Pastor Carl Smith. Mr. Smith's sermon hit upon the close relationship of the Christian principles and the Scout Law, and how important they are for modern living.

### WINDOW DISPLAYS

The Explorers have their annual window display in the window of Carl Hansen's Ford garage, and it has been suggested to watch for other displays around town.

### COURT OF HONOR

Don't forget the first Monday in March, the 7th, for the next Court of Honor. Troop Four has charge of the program, which is to include some very interesting colored movies.

### KITE CONTEST

The Explorers are holding a kite contest at the Grammar School this Saturday afternoon for Cubs and Scouts. Come one, come all—either watch, or fly a kite.

## FIRE FLAMES

The writer of this column is well aware that many people are not interested and perhaps have never read farther than the heading. This does not mean that the column is without value. The writer is also in the position to know the real value of the column and the results it brings. The daily fire inspections made, and the general contact with the residents of the town are convincing evidence that many read and respond to the suggestions. The column has great value. The object is to create something of interest to readers who follow suggestions.

We MUST be grateful to the Sierra Madre NEWS for their willingness to co-operate with the fire fighters. They have done well. The NEWS has always worked with the fire department in the prevention of fires. Much space of the paper has been given to fire prevention work when the space could have been used for other material. For this we are very thankful. We know it has a beneficial effect and result. To prevent fires is a great benefit to SIERRA MADRE.

If the few residents who do not realize this, are unconcerned, we are still able to face the National Board of Underwriters with a record that is something to be proud of. Our insurance rate speaks for itself.

"For the period between now and the end of the year, based upon their keeping the schools open during the Easter vacation and that part of the summer vacation which pertains to June, the School District would be entitled to 50 per cent or \$581.25.

"I therefore recommend that County Counsel be instructed to prepare the contract with the Sierra Madre School District embodying all those features which have been included in the basic contract with the Los Angeles Board of Education and that the Chairman be authorized to sign."

Sierra Madre is the first small school district to obtain a contract with the county for playground money from a fund of \$400,000 established in the county budget by the supervisors for this fiscal year.

## Symphonic Pioneer Music On CBS Education Program

## New Books At Library

BY ISABEL STRADLEY

"A Man Called White." This is an exciting, sometimes heartening but more often disquieting book. It is the autobiography of Walter White, a man whose skin is the color of his name, yet he is a Negro. He could easily pass for a white man, but he has elected to remain openly a member of his race.

Every aspect of Negro life is taken up in this book—political, social, economic, religious. Carlyle once said that if a book comes from the heart, it will continue to reach other hearts. This is such a book; it should be widely read, particularly at this period of our history for it gives us an account of racial prejudice in our American democracy.

Walter White's parents were simple, honest, God-fearing people; the portrait of his father is unforgettable. They managed to give their light-skinned son a college education in spite of heavy odds against them. When Walter graduated the problems of his race were so uppermost in his mind and heart that he went after a job with the National Association for the Advancement of Colored People. This association came into being in 1909, and the story of its progress is the most heartening part of the book. It is the story also of many courageous men and women who fought along with Walter White. They had to wage an unending fight against prejudice, but they managed to exist, and slowly to grow.

The disheartening part of the book is that racial prejudice is about where it was; hatred and violence is just underneath the surface. Negroes are still denied equal and economic opportunities. But Walter White and his associates have a right to be proud. They have served their race with distinction and with great courage.

Other new books at the library are: Non-fiction: American Best Small Houses, Hennessey; Mahatma Gandhi, Jones; Maria the potter of San Ildefonso; Dolly Madison, Her Life and Times, Anthony; Damon Runyon Story, Welner; Road to Reason, Lecomte du Nouy; City and the Tsar, Lamb; Hawaii, A History, Kuykendall; Voyages to the Moon, Nicolson; As Others See Us, Visson; Fortunate Islands, Karig; Introduction to Economic Science, Soule; Vacation Guide, Hines; Marionettes, Beaton; How to Bowl, Day; Jeff Milton, Man With a Gun, Haley.

Fiction: Southern Cross, Knight; Mary Wakefield, Dela-Roche; Bride of Fortune, Kane; Elizabeth, Captive Princess, Irwin; Dinner at Antoine's, Keyes; Crystal Girl, Longstreet; We Shook the Family Tree, Dolson; Hound-dog Man, Gipson; Grand Design, Dos Passos; Crosswinds, Cheavens; Three to Make Ready, Turling-

## VIOLINIST'S CONCERT WAS ABLE ARTISTRY

A near capacity audience demanded four encores from Cuban violinist, Angel Reyes, as he closed Tuesday night's second Community Concert at the Sierra Madre Grammar School Auditorium.

Both Mr. Reyes and his accompanist, Carl Mosbacher, immediately settled down to giving the Sierra Madre audience an unusually sensitive evening of music.

Community Concert officials acting as ushers were Francis Eakman, Donald Jackson and A. E. Morgan.

Although this time the audience displayed better concert manners and fewer colds, late comers and nervous hackers created a stir during the first half of the program.

Francis Eakman has offered to provide transportation to and from the next concert, for Sierra Madreans unable to attend otherwise. The next and final Community Concert will be held February 24.

## POLICE BLOTTER

Vandals get into vacant house. Cause considerable damage. Childish stuff. . . "Foul mouthed" youths are overheard in the distance. Vulgarly to some is common practice. . . Lost scooter.

When a man and woman enter the home of an elderly woman and stay too long for the neighbors to feel good about it, the police are called. The elderly lady had agreed that the newcomers may stay with her. Strange case of the strangers.

Dog trouble! Oh, NO! . . . Car blocks traffic. Driver gets a citation. . . Man takes wood from around the new building. Party having building made, objects. Man gets in touch with contractor, who in turn stated that the wood belonged to him until the building is finished and that if the man wanted the wood, it was only necessary to take it. Wood, wood, who would woo the wood owner?

Surveyor's steel tape lost. A reward offered for the return. It is of great value to the surveyor. . . Rubbish dumped on private property. . . A spare tire and wheel stolen. . . Dogs fighting! (I hope they bite each other). . . Officer Merian Gotcher was informed to investigate the waddling or wading duck that was obstructing traffic along Baldwin Avenue. After a long chase the handsome officer finally got some help from a young man who saw the effort. Encircling the wobbly, wading duck, the boys were able to close in on it and it was then that Gotcher grabbed and yelled "I gotcha." It was soon after that Bill Schwartz learned of the scramble and identified the duck as one that he had been feeding for years.

A traffic accident in the rain. Travelling pretty fast, a lady driver was confronted with an oncoming car at the intersection from the other direction. When her wet shoe slipped from the brake pedal, a serious wreck resulted. A new car badly damaged, the other party's car damaged.

## Masonic News

In an impressive ceremony Tuesday evening at the Sierra Madre Masonic Lodge, Stanley Coutant was made a Master Mason. Refreshments were served later in the evening at the "round table" session. Several visitors from eastern lodges were present and participated in the discussions and good fellowship.

**EASTERN FRIEND**  
Miss Edith Cobb, retired librarian of New Bedford, Mass., who is making a winter trip to California, spent the weekend with her former friend, Miss Martha Pritchard at her East Alegria home.

**MRS. W. J. MILLER HOSTESS FEBRUARY 17.**  
A luncheon meeting of the Dickens Fellowship will be given at the home of Mrs. W. J. Miller, 67 West Highland Ave., at 12:30, February 17. Mrs. Emily Guignet and Miss Edna Green will be co-hostesses. Reading of the Pickwick Papers will continue by Mrs. W. S. Hull and Miss Martha Pritchard.

**LIVING IN FOREST HILLS**  
An acceptance dinner for nine new Mapha Club members was held last night at the Town & Country Inn, Duarte.  
New Sierra Madre members are: Mesdames Harold Zook, Roy Anderson, Donald Jackson, William Baugh, Joseph Green, L. D. Fish, George Otte, John Butah and M. Morgan.

Very good fortune when all escaped injury or death. Split seconds made the difference. Had the cars struck a split second sooner, well, you can imagine. We must learn that even tho' there is not a Boulevard Stop sign at an intersection, a danger still peers around the corner. . . Woman falls in a faint and receives severe injuries. Mackie and Rauscher give aid.

Another traffic accident at the same corner and in a similar manner. Cars meet at Sunnyside and Mariposa. One car finally stopped over the curb, 75 feet from the intersection. Much damage, but once more, fate was good. No one injured. A split second once more made a difference. Instead of meeting fairly in the middle, that split second saved them all.

False reports of "Family Trouble." Could there be such people. . . A loud party at 1:00 a. m. agrees to "break up." . . Dog trouble, petty theft, grease fire and a message to deliver. . . Another petty theft. . . Noisy boys. . . Runaway boy. . . "Family Trouble." Man who had left home, returned and started happenings. Left when the police were called. . . Because of the many "blind" intersections throughout the City, it is very much advisable that those who are in a rush to attend a function, or who might be in a hurry to pick up a passenger, or who might be thinking of the Club's program, or any of those matters that take our minds off driving, to forget everything but the driving of the car. Fate will not protect us forever.

A Washington Birthday Dinner is being arranged for Tuesday evening, February 22, at the Lodge. An excellent speaker is assured but his name must be withheld a few days until his definite acceptance is received. Masons, their families and friends will attend.

J. W. Adams, president, and Thomas Pollgreen, secretary, of the 93rd Masonic District Officers and members of Sierra Madre Lodge, have announced a meeting at Arcadia Lodge, Wednesday evening, February 16. Azusa, Arcadia, El Monte, Monrovia, Rosemead and Sierra Madre constitute the 93rd District.
